# OUR SERVICES

## INTERIOR DESIGN

Our team of interior designers will seamlessly integrate your design concept into a space and integrate ideas into reality by first establishing the design direction, then refining it to meet your project objectives.

## DRAWINGS & RENDERS

We provide full service CAD drawings, complete with working drawings, specifications and schedules that can be used to execute all phases of your project. We are able to bring these designs to life through 3D renderings for you to better comprehend the space.

## SPACE PLANNING

We prepare preliminary space plan options to demonstrate how your functional requirements can be best tailored to your new or renovated space.

## CUSTOM FURNITURE

Fit-outs designed to complement the concept and overall objective of your space

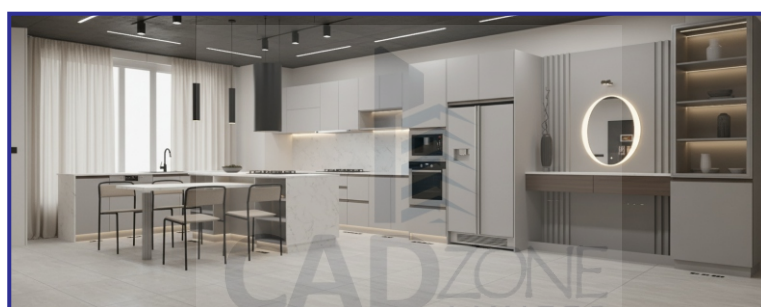

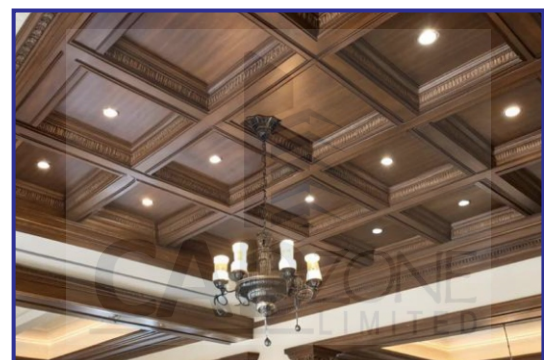

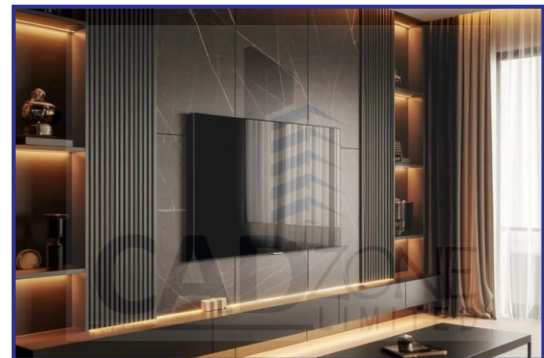

## OPPORTUNITY

Become a partner and join our team to broaden your horizons and improve your marketability as a Professional designer and business operator.

## CONSULTATION

Regardless of having a concept in mind or being open to new ideas for your residential or commercial project, we offer assessment site visits to determine which of our services best suits your project.
